- 9:20 Status & Planning for 2008
- 10:00 Adjourn

### **Questions to Consider at the December 10th RCAP meeting:**

- What technology options were presented?
- Which technologies appear best able to produce the thermal (steam) energy needed by Rock-Tenn?
- What impact does technology selection have on overall plant emissions?
- What impact does technology selection have on the economics of the thermal (steam) energy produced by the plant?
- Any key insights from the presenters that RCAP and the Project Team should consider?
- What additional factors should RCAP consider when evaluating options for Rock-Tenn?
